Roseville & Granite Bay Residents Give Their Input

PLACER COUNTY'S COMPREHENSIVE TRANSPORTATION PLAN

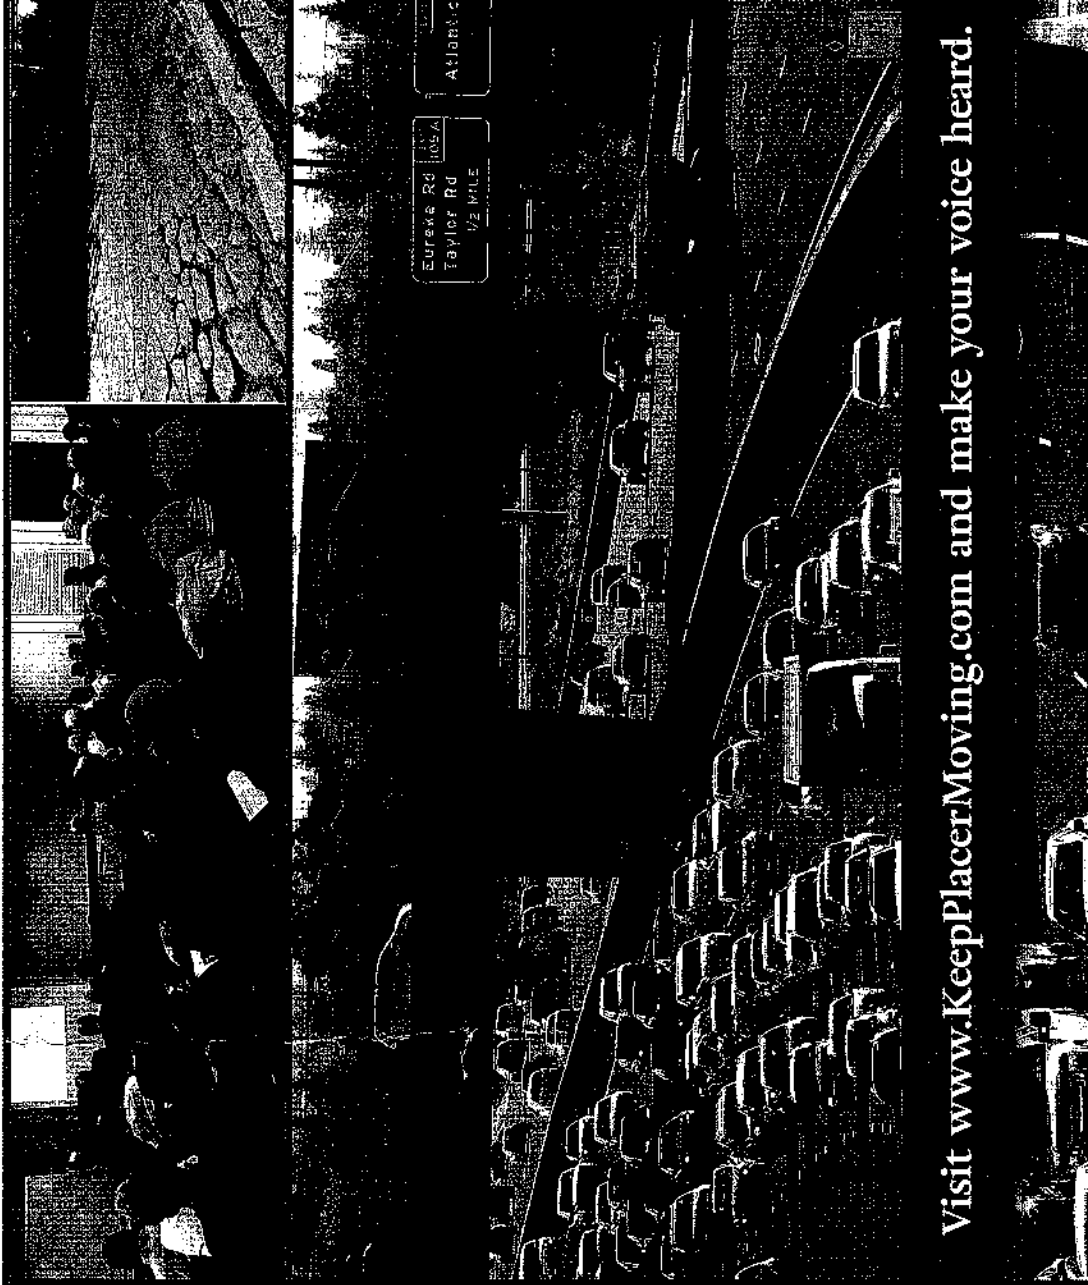

At multiple community presentations and a local town hall meeting, local residents have heard detailed presentations, asked questions, and provided their input on the plan to improve transportation in Roseville and Granite Bay, and throughout Placer County.

The Keep Placer Moving transportation plan has been a whole community effort with thousands of friends and neighbors across Placer County participating.

After nearly two years of thoughtful study and extensive community outreach, the Placer County Transportation Planning Agency (PCTPA) is getting closer to finalizing a comprehensive transportation plan for Placer County.

There is still time to review and comment on the draft transportation plan.
