Assembly Woman Beth Gaines
District 6

Dear Neighbors and District 6 Constituents,

If you're like me, you hate sitting in jammed-up traffic on our highways. It happens to you and me all too often. We CAN fix it. We need to expand on legislation I authored to ease gridlock on Highway 50, and we need to finish the Southeast Connector expressway.

Most importantly, we need your ideas. Politicians and bureaucrats in Sacramento don't have the answers. It's up to those of us living and using I-80, Hwy 65 and Hwy 50 each day in District 6 to provide solutions.

Sincerely,

Beth

p.s. It has been my pleasure and my honor to serve you the last six years in the Assembly. I will pass all your ideas on to Kevin Kiley so he can hit the ground running on this critical issue.

Beth Gaines' Legislative Solutions

1. Bi-partisan legislation (AB 738) streamlining the law, so we can improve traffic flow.
2. Support continued efforts to finish the Southeast Connector expressway, a 34-mile beltway connecting El Dorado Hills to Elk Grove, which will reduce the number of cars on Highway 50
3. Dump Hi Speed Rail. Let's immediately freeze any further spending on the project, and shift those billions of dollars to our local roads.
4. State transportation dollars should be dedicated to transportation projects (SCA 1X 1). This will amend our state Constitution to guarantee the billions we pay annually in taxes by drivers are only used for transportation purposes, not for other government spending.
5. Increase local control (SB 1X 10) by giving local agencies the flexibility they need to streamline the approval process to make sure that vital road projects are finished as fast as possible.
6. I welcome your ideas!

Send your gridlock solutions to me... on my legislative website at www.Assembly.ca.gov/Gaines OR by calling (916) 319-2006 OR by emailing me at Assemblymember.Gaines@assembly.ca.gov
