Re: AD 66 Central Committee
Cease & Desist letter of 3/6/2019

Dear Ashlee:

I have been retained by the following individuals to respond to the demand to cease and desist:

Glenn Richard Marshall	Peter Michel	Marlene Sliva
Larry Scott	William Vallardes	Edwin Duterte
Joshua Scott	Mark Tsuneishi	

Without conceding any political or legal rights regarding the formation, organization or functioning of the Assembly District 66 Committee, my clients will refrain from any unauthorized use of the CRP trademark, or the unauthorized identification as a duly qualified central committee organization in AD 66.

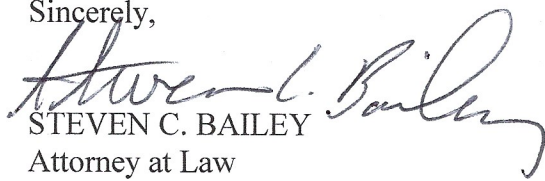

Because some or all of my clients are duly elected or otherwise qualified members of the AD 66 Central Committee and/or of the Los Angeles County Republican Central Committee, they will continue to participate in both committees' meetings and events. Baring their ability to participate may violate their corporate rights and will risk legal action to protect those legal and political rights.

My clients deny that they possess any property of either the AD 66 committee or the Los Angeles County Republican Central Committee and as such have nothing to turn over or return to the party.

My clients however remain concerned that they have been and are being excluded from notice of organizational meeting and have been removed from LAGOP meetings that they are lawfully allowed to participate in this letter is intended to serve notice that continued denial may result in legal action being commenced.

Feel free to contact me should you have any questions at 530-409-0027.

Sincerely,

STEVEN C. BAILEY
