Subject: Re: California Public Records Request Act
To: Roger Stock <rstock@rocklinusd.org>

In an effort to help narrow down the PRA request I ask that;

Pursuant to the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain a copy of the following, which I understand to be held by your agency:

- All records which discuss the appointment to fill the RUSD Board vacancy from July 1, 2019 through September 20, 2019. This request includes, but is not limited to, any Board Minutes, internal discussions, written correspondence, emails, and records of phone calls. This would include any discussion and/or correspondence with potential candidates and/or members of the public.

In reviewing the past two PRA responses you have provided Mr. Stock, the responses lacked emails in which I personally know were sent to prospective board members, and as such, I do not believe the documents you have provided are holistic nor sufficient. As such, I have already been in contact with counsel and if I do not receive the documents which include the full breadth of information, I will look to have our attorney contact the board.

I do not need emails related to the Halldin's sons education unless they discuss the trustee position.

2. To narrow down the second request

Pursuant to the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain a copy of the following, which I understand to be held by your agency:

All records which discuss the petition from July 1, 2019 through October 28, 2019. This request includes, but is not limited to, any Board Minutes, internal discussions, written correspondence, emails, and records of phone calls. This would include any discussion and/or correspondence with members of the public. This would include but is not limited to all records and discussions of a press release.

3.

Pursuant to the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain a copy of the following, which I understand to be held by your agency:

All records which discuss a press release to and from Diana Capra from October 1, 2019 through October 28, 2019. This request includes, but is not limited to, any Board Minutes, internal discussions, written correspondence, emails, and records of phone calls. This would include any discussion and/or correspondence with members of the public.

4.

Pursuant to the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain a copy of the following, which I understand to be held by your agency:

All records to or from Jan Pinney from January 1, 2019 through October 28, 2019. This request includes, but is not limited to, any Board Minutes, internal discussions, written correspondence, emails, and records of phone calls

Hope that help narrow things down a bit and look forward to receiving these documents digitally and in a timely manner.

Theresa Landon
